

ANNEX A – Singapore Motor Sport Fact Sheet

Name of project
Changi Race Circuit

Plot location & size
The estimated 20-ha plot is situated off Changi Coast Road, to the west of the Singapore Airshow site.

Type of circuit
Grade 2 FIA-approved motor sports racetrack capable of hosting any motor race for both motorcycles and cars, other than Formula One. Also includes a Grade 1 FIA-CKI-approved karting track.

Track length
Likely to be between 2.8 km to 3.5 km or more, depending on the individual designs put forth by the bidders.

Capacity
The racetrack should be able to accommodate at least 15,000, and be easily expandable through temporary facilities to accommodate more seated spectators when required.

Events:
(a) At least 3 international races per year, 2 of which must be Grade 2 level race, &
(b) At least 2 national series a year;
(c) Other motor sport events, exhibitions, product launches, automobile & parts testing;

Mandatory facilities
Inclusive of a Grade 1 FIA-approved karting circuit, a credible motor racing and advance driving training school, and all other critical racetrack amenities

Commercial facilities
Willing to consider any commercial facilities that are relevant to motor sport and viable for bankrolling the racetrack operations, subject to approval by the land authorities
